

## THOR 16X SERIES

### FEATURES

- The THOR 16X series of short space compactors are manufactured to the highest standards
- Short space static compactor ideal for the compaction of general type waste i.e. civic amenity sites, small transfer facilities, large factories, supermarkets etc.
- Designed to facilitate tight restricted areas
- Can be coupled with an enclosed hopper with safety inter locking loading doors for manual loading. It can also be loaded via disc loader or the option of dock loading or chute feed
- Large box area to dispose of the waste and the option of single pump THOR 16X or the faster and more powerful THOR 16XT

### SPECIFICATION

	THOR 16X	THOR 16XT
Charge box volume	1.57 cubic metres	1.57 cubic metres
Volume per stroke	1.37 cubic metres	1.37 cubic metres
Max. throughput per hour	74 cubic metres	118 cubic metres
Cycle time	60 seconds	42 seconds
Ram penetration (E)	340 mm	340 mm
Charge box length (C)	1250 mm	1250 mm
Charge box width	1500 mm	1500 mm
Charge box depth	840 mm	840 mm
Ram head depth	730 mm	730 mm
Ram head width	1500 mm	1500 mm
Motor size	7.5 kw	7.5 kw
Compaction force	25 tonne	25 tonne
Overall length of compactor (A)	2412 mm	2412 mm
Overall width of compactor	2032 mm	2032 mm
Machine height (D)	1230 mm	1230 mm
Overall height (B)	1500 mm	1500 mm
