

THOR PC 8

FEATURES

- Sealed paddle type portable compactor for general wet type waste i.e. food waste, soiled cardboard and paper etc.
- The paddle packing motion does not allow any liquid, food or mixed waste behind the packing plate
- All waste is held in the confines of the container making it much easier and cleaner for both the operator and the collector
- Waste is fed through two large safety interlocked doors at the rear. The machine cannot operate unless the doors are in position making it very safe
- Simple to operate and extremely user friendly

SPECIFICATION

	Three Phase	Single Phase
Motor size	3 kw	2.2kw
Compaction force	18 tonne	18 tonne
Operating pressure	163 bar	139 bar
Cycle time	63 seconds	85 seconds
Charge box volume	1.3 m3	1.3 m3
Volume per stroke	.876 m3	.876 m3
Max. Throughput per hour	79 m3	54 m3
Ram Penetration	260 mm	260 mm
Total weight	2350 kg	2350 kg
