

THOR 16 SERIES

FEATURES

- The THOR 16 series of static compactors are manufactured to the highest standards
- Ideal for the compaction of general type waste i.e. civic amenity sites, small transfer facilities, large factories, supermarkets, etc.
- Available with a wide choice of loading options
- Can be coupled with an enclosed hopper with safety inter locking loading doors for manual loading. It can also be loaded via disc loader or chute feed
- Can be manufactured to suit each individual requirements
- Large charge box and the option of the faster more powerful THOR 16T

SPECIFICATION

	THOR 16	THOR 16T
Charge box volume	1.51 cubic metres	1.51 cubic metres
Volume per stroke	1.39 cubic metres	1.39 cubic metres
Max. throughput per hour	84 cubic metres	135 cubic metres
Cycle time	60 seconds	37 seconds
Ram penetration	275 mm	275 mm
Charge box length	1195 mm	1195 mm
Charge box width	1500 mm	1500 mm
Charge box depth	840 mm	840 mm
Ram head depth	730 mm	730 mm
Ram head width	1500 mm	1500 mm
Motor size	7.5 kw	7.5 kw
Compaction force	25 tonne	30 tonne
Overall length of compactor	3460 mm	3460 mm
Overall width of compactor	2032 mm	2032 mm
Machine height	1230 mm	1230 mm
Overall height	1500 mm	1500 mm
