

THOR 14 SERIES

FEATURES

- The THOR 14 series of Static compactors are manufactured to the highest standards
- Ideal for the compaction of general type waste i.e. Civic Amenity Sites, Small Transfer Facilities, Large Factories, Supermarkets etc.
- Can be made to suit each customers individual requirements
- Can be fitted with end loading Binlifts, side loading systems and dock mounted lifting systems if required
- It can also be fitted with a wide range of feed hopper systems
- Large charge box and the option of the faster more powerful THOR 14T

SPECIFICATION

| | THOR 14 | THOR 14T |
|---------------------------------|-------------------|-------------------|
| Charge box volume | 1.27 cubic metres | 1.27 cubic metres |
| Volume per stroke | 1.07 cubic metres | 1.07 cubic metres |
| Max. throughput per hour | 68 cubic metres | 96 cubic metres |
| Cycle time | 57 seconds | 40 seconds |
| Ram penetration (E) | 400 mm | 400 mm |
| Charge box length (C) | 1000 mm | 1000 mm |
| Charge box width | 1500 mm | 1500 mm |
| Charge box depth | 840 mm | 840 mm |
| Ram head depth | 730 mm | 730 mm |
| Ram head width | 1500 mm | 1500 mm |
| Motor size | 7.5 kw | 7.5 kw |
| Compaction force | 25 tonne | 25 tonne |
| Overall length of compactor (A) | 3163 mm | 3163 mm |
| Overall width of compactor | 2006 mm | 2006 mm |
| Machine height (D) | 1232 mm | 1232 mm |
| Overall height (B) | 1500 mm | 1500 mm |
